

Mala Desk | Spanish Beige Marble

The Mala Desk is reimagined in Spanish Marble, bringing together sculptural form and functional design through a handcrafted tiled finish of Spanish Beige Marble. Defined by its softened architectural lines and monolithic silhouette, the desk showcases the natural movement, tonal variation, and character unique to each slab of stone.

Two seamlessly integrated drawers provide practical storage while maintaining the clean, uninterrupted profile of the design. The tiled marble construction highlights the craftsmanship behind every piece, creating subtle depth and texture across the surface.
