Myrrh Floor Mirror

The Myrrh Floor Mirror is a striking fusion of function and artistry, handcrafted with En Gold's signature carved wood detailing. Defined by its bold twisted frame, this mirror transforms a functional piece into a sculptural statement, bringing depth and character to any interior.

Standing tall, the Myrrh Floor Mirror is designed to open up a space while serving as a focal point in bedrooms, living areas, or entryways. The carved wood frame celebrates traditional craftsmanship, each detail shaped by hand to highlight the natural warmth and grain of solid timber.

Wall fixings are not included; we recommend a professional installer selects fixings to suit your wall finish.
