

# Wylie Bed Frame

QUEEN

en gold

A sculptural interpretation of traditional iron bed frames, the Wylie Bed Frame is defined by its gently arched profile and refined vertical detailing. Crafted from powder-coated iron, the design balances strength with softness, its fluid lines rising and dipping in a rhythmic silhouette. Designed to anchor the room with presence, yet remain open and airy in form. Solid hammered iron frame, this bed is heavy weight and sturdy. The Wylie bed frame is available in Double, Queen, and King.

This product is crafted to meet commercial-grade standards.

Materials: Powder-Coated Iron Frame  
Plywood Slate base

Specifications:

## Headboard & Footboard Bar Gaps

### Headboard

### Footboard

Gaps are clear spaces measured edge to edge between bars (280 / 472 / 472 / 280mm, left to right). Vertical bars are 19mm diameter, the centre bar 20mm, and the lower rails are 25mm with a 105mm gap between them. All measurements in millimetres. Illustration for reference only.
